Paul and April, per the Division Directive dated March 29, 2016, attached, Tar Sands Holdings II has contracted with Stantec to consolidate the NOI for the Mine Permit Nos. M/047 /0022 and 0032. Stantec has prepared a draft NOI reflecting the consolidated permit and we are incorporating the bond calculations per the Division's letter. We had a conference call today to discuss changes to the NOI which will require some modifications. On behalf of TSHII, we request an extension of time to June 1, 2016 to complete the NOI consolidation and submit a red line strike out with the proposed changes.

Thanks for your consideration in this matter, Denise
